

## Sponsorship Information

The Australian Society for Concrete Pavements (ASCP) was formed in late 2007 to serve practitioners and those people interested in the long term development, design, construction, and quality of concrete pavements in Australia. Our mission and objectives are shown on the 'About Us' page of this web site.

Membership is offered to practitioners and students, and the membership fee provides ongoing technical information, access to 'member only' areas of our web site including technical papers, and discounts at seminars and workshops run by the Society.

Societies such as ours rely heavily on sponsorship to make them viable. Sponsors have the opportunity to network with ASCP members and present their products at seminars and in the newsletter on a regular basis. Sponsors will be promoted on the ASCP website, and in newsletters and events. Sponsors are also welcomed to contribute to the direction and activities of ASCP.

The sponsorship fee includes a number of individual memberships as shown in the table below. Sponsors are also able to purchase additional individual memberships for their staff at 50% of the normal fee.

If your company wants to get closer to concrete pavement practitioners in Australia, please consider a gold, silver or bronze sponsorship category. Simply complete the application form on the following page, or on line on our web site. For more information, please contact the Society by email.
